6 December 2024.

TO WHOM IT MAY CONCERN

It is with much pleasure that I am writing to recommend the services of RJ Maintenance.

The Museum has utilized their services extensively to identify the source of leaking roofs, repair, re-seal and replace 40m box gutters and downpipes. A number of areas required de-rusting, sealing and painting,

RJ Maintenance has also completed other maintenance projects, e.g. replacement of external wooden doors. We have a number of small and very large building and maintenance projects during 2025, which RJ will definitely be considered for the projects.

The communication from Mr Ray Martini and his staff have been excellent, providing daily updates via messages, photos and phone calls during implementation of projects. All projects were completed within agreed timelines and costs effective solutions.

We are happy to recommend the services of RJ Maintenance. Please contact me, should you require any further information.

Yours Sincerely

Manny Jardine
